Correspondence.

BATTLE LAKE.

Mrs F. C. Paphianou and family are now home with their new baby boy from Wetaskiwin, where they have been for some time.

Nothing has been heard as yet of the whereabouts of Nathan Eastman and James Nelson, two small boys, who took french leave about 2 weeks ago. It is said that the father of James Nelson intends looking the boys up. It is very strange how very young boys nowadays form the foolish idea that they are big men, and are able to provide their own means.

One of the men from the Poplar Creek lumber camp was down here the other day, and published up all the men he could find in the neighborhood, and took them up to work. It is said that they are paying good wages for men, and they put up good food. The other camp near by will have to do likewise if they intend to keep them this year, as there is very few men will put up with what they had to put up with last year in some of the near by camps. Dirty low soiling camps, not fit for human beings to stay in. One of the camps, it is said, was in such a state, the food not any to good, and the bunk sharks had drafted here that a man could throw a hat through. Lots of the men were very sick, and those that could, went home, and the rest had to stay in the filthy stinks and do the best they could for themselves. Such a condition of things should be changed if a boss expects to keep men.

It is said that A. B. Rowley, of North West Lumber Co., is not going away as before stated, as the company that intended buying him out could not furnish the money, as the deal fell through. Quite a disappointment for Mr. Rowley and some of his neighbors.

Wm. Getrick has taken his team to work at the Poplar Creek camp, also Mr. Wagoner.

C. L. Hagen has run to the end of his string. It is said he had to shut up shop a few days ago.

Mr. Hasecock went down and bought up the balances of his stock, so the grocery business of C. L. Hagen is no more. Mr. Hasecock is enlarging his barn, as he needs more room for his stock.

Dr. Auld, of Bonnie Glen, was sent for in a hurry last week to attend neighbor Khasman, who has been very sick with inflammation of the lungs. His friends and

neighbors are pleased to hear he is now getting better. Before the doctor went back home he spent a day with George Clements and family, and had a pleasant time. Dr. Auld's P.O. address is Bonnie Glen, but he resides with Mr. George Mulligan near Rowley's Mill, at Pigeon Lake.

It is said F. C. Poppien's mill will not run this winter for lack of funds.

The Late Chas. J. Johnson of Springdale.

When it became known around Springdale that Chas. J. Johnson had passed away on Saturday, the 9th, a feeling of sadness came over the district.

Mr. Johnson who was in his 48th year, came up from Silverton, Oregon, last spring, and located near his brother, Albert, at whose home he died, and it was not long before his presence was felt in the settlement. A man of high ideals and sterling character, his advice was much sought after. He had been a long soldier, practically three months, which was born with Christian fortitude. His brother, Levin, of Blaine, Washington, arrived three days before the end.

The funeral, which was largely attended, took place from the Presbyterian church, Ponoka, on Monday, interment being in Forest Home Cemetery.

Cord of Thanks.

We wish to extend our thanks and appreciation to those who so kindly helped in our late bereavement in the death of our brother, Chas. J. Johnson.

LEVIN JOHNSON, ALBERT JOHNSON

The threshing whistle is heard this week in our district.

Mrs W. Shumard and daughter Veira, returned last Friday from a two weeks' visit with Mrs. C. Jackson, of Lacombe.

CONCORD.

The many friends of Mrs. Snell are glad to know that she is regaining her health.

Madison Bros. were threshing in this neighborhood last week. They have gone in the direction the ducks are flying.

The grain crop in our locality does not prove the statement made in the crop reports giving the round of the press, viz, slight damage by frost.

The weather for some time has been all that could be desired, and the fall work is going on a pace.

The coyotes in this region are very numerous, they seem to be there ever before, and are reported to have killed calves and pigs in some instances. Notwithstanding the penalty placed on their heads, they seem to know that the bounty is too small to notice.

The way here runs around the neighborhood, it would seem that they should be branded.

Mrs Wm. Snell and Mrs. W. Hachen, attended church in Ponoka Sunday last.

The winchman, which raged in Quebec Wednesday night and early Thursday morning was the worst which has visited this section of the province since 1902.

and from reports received the storm extended over a wide section. One vessel was driven against the bridge at the mouth of the St. Charles river and another sank. The storm reached fifty miles in hour with a deluge of rain. Several vessels are reported to be driven ashore. The crew of the barge Onondaga, which foundered in Lake Ontario during the gale of Wednesday night was saved.
